Hi Latosha,

I am reviewing this data, will try to confirm at the earliest.

Just to confirm, the funding addition on Task Area 5.2 will be done in a different modification?

Thank you,

Hi (b) (6)

The items on the SF1449 are the exact way the IGCE and the pricing template are. Some CLINS are mandatory and some are labor hours. CLIN 0032 was obligated and funded. The funds for the sub CLINs should be priced the way the pricing is on the SF1449.

Thank You

Good Afternoon, Vivian.

I am reaching out to you for guidance. I have the attached award paperwork and want to confirm the billing basis for the CLINs. Based upon the unit of issue (either LH or EA), it appears that there are a few items that are to be billed as FFP and the rest will be Labor Hour. However, I looked at the BAFO dated 09/23/2019 – and it appears that the only true fixed price task is for the ODC-Licenses and the remainder should all be billed labor hour. Can you provide further guidance regarding this? I just want to make sure that I am setting this up to bill correctly.

Also, item no 0032 (page 13 of 44 of the award doc) appears to be funded an obligated at the “top CLIN” (0008) level. I assume this is just a place holder and those funds will be parceled out to the “sub CLINS” 0008a and 0008b as the optional tasks are ordered. Can you please confirm?

Thank you for your assistance. I’d be happy to have a call about this, but don’t want to catch you out of the blue, and this email affords you some time to review.

Have a great day.

Hello,

In response to Section 889(a)(1)(A) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (the NDAA), Federal Acquisition Regulation (FAR) Case 2018-017 added a new clause to the FAR on August 13, 2019.

The new rule:

Prohibits contractors from providing covered telecommunications equipment or services.

Mandates that contractors report any covered equipment or services if discovered during the course of contract performance.

In accordance with FAR Case 2018-017 (<https://go.usa.gov/xV9D6>) and GSA's Class Deviation CD-2019-11

(<https://go.usa.gov/xV9Wx>), the attached modification incorporates the clauses at FAR 52.204-25 and GSAR 552.204-70 into the contract.

By December 4th, 2019, please:

Complete boxes 15.A, 15.B and 15.C of the attached modification and return the modification to your Contracting Officer and complete the required representation at GSAR 552.204-70(c), on page 6 of this modification.

Please contact your Contracting Officer with any questions.

Thank you for your cooperation.

Dear Ms. Fields,

I write in response to your October 7, 2019 letter (see attached) regarding a size protest of Task Order 47HAA019Q0163, awarded to REI Systems, Inc. on September 30, 2019.

As you know, we previously addressed and resolved this issue before award. To support the government in ending this matter promptly and begin work on the task order award as soon as possible, REI intends to intervene. We will file a notice of intervention with the OHA as soon as the SBA opens the protest and assigns a protest number. In the interim, we would appreciate your keeping us informed of any communications you receive from SBA regarding the protest (e.g., contact information for the SBA hearing officer assigned to the protest).

Sincerely,

(b) (6)

Hello,

In response to Section 889(a)(1)(A) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (the NDAA), Federal Acquisition Regulation (FAR) Case 2018-017 added a new clause to the FAR on August 13, 2019.

The new rule:

Prohibits contractors from providing covered telecommunications equipment or services.  
Mandates that contractors report any covered equipment or services if discovered during the course of contract performance.  
In accordance with FAR Case 2018-017 (<https://go.usa.gov/xV9D6>) and GSA's Class Deviation CD-2019-11 (<https://go.usa.gov/xV9Wx>), the attached modification incorporates the clauses at FAR 52.204-25 and GSAR 552.204-70 into the contract.

By December 4th, 2019, please:

Complete boxes 15.A, 15.B and 15.C of the attached modification and return the modification to your Contracting Officer and complete the required representation at GSAR 552.204-70(c), on page 6 of this modification.

Please contact your Contracting Officer with any questions.

Thank you for your cooperation.

Hi Latosha,

Please find attached REI's updated price proposal which aligns with the new funding realignment on the CLINs stated in the email.

We have adjusted the LCATs and Hours on the corresponding CLINs to match very close to the new funding ceilings suggested, I have also added Col M to the sheet confirming the changes and added REI comments.

I have also cc'ed REI contracts (b) (6) and Kevin) for their records. **Let us know if you have any questions or need additional information.**

**Recap of all the changes suggested by GSA:**

- 1) This **modification #1** is only for the funding adjustments on CLINS 5.5, 5.6 and 5.7
- 2) No funding/ceiling changes are anticipated in this **modification #1** for CLINs (5.1, 5.2, 5.3, and 5.8),
- 3) CLIN 5.2.2 USA.gov O&M CLIN (0002b.1 ) is being changed to Optional instead of Mandatory.
- 4) On the Mandatory DME CLINS (5.6.1.2, 5.6.1.3, 5.6.1.4, and 5.6.1.5) funding/obligated amounts are revised per the attached spreadsheet
- 5) Currently entire CLIN 5.2 is not funded, per our discussion it will be funded in modification #2 in the coming weeks.
- 6) SOW Revision for Acquisition.gov O&M- CLIN 5.5.2 – In addition to moving Content Era consultant to DME support, we are requesting that requirement “Make configuration and rule changes as needed to support evolving policies.” from the SOW to be moved to DME effort.
- 7) SOW CLIN 5.1 (Transition of ECAS Platform and Operations) is revised to Labor Hour CLIN

Hi Latosha,

Please find attached REI's updated price proposal which aligns with the new funding realignment on the CLINs stated in the email.

We have adjusted the LCATs and Hours on the corresponding CLINs to match very close to the new funding ceilings suggested, I have also added Col M to the sheet confirming the changes and added REI comments.

I have also cc'ed REI contracts "(b) (6)" and Kevin) for their records. **Let us know if you have any questions or need additional information.**

**Recap of all the changes suggested by GSA:**

- 1) This **modification #1** is only for the funding adjustments on CLINS 5.5, 5.6 and 5.7
- 2) No funding/ceiling changes are anticipated in this **modification #1** for CLINs (5.1, 5.2, 5.3, and 5.8),
- 3) CLIN 5.2.2 USA.gov O&M CLIN (0002b.1 ) is being changed to Optional instead of Mandatory.
- 4) On the Mandatory DME CLINS (5.6.1.2, 5.6.1.3, 5.6.1.4, and 5.6.1.5) funding/obligated amounts are revised per the attached spreadsheet
- 5) Currently entire CLIN 5.2 is not funded, per our discussion it will be funded in modification #2 in the coming weeks.
- 6) SOW Revision for Acquisition.gov O&M- CLIN 5.5.2 – In addition to moving Content Era consultant to DME support, we are requesting that requirement “Make configuration and rule changes as needed to support evolving policies.” from the SOW to be moved to DME effort.
- 7) SOW CLIN 5.1 (Transition of ECAS Platform and Operations) is revised to Labor Hour CLIN

47HAA019F0333  
Hello,

In response to Section 889(a)(1)(A) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (the NDAA), Federal Acquisition Regulation (FAR) Case 2018-017 added a new clause to the FAR on August 13, 2019.

The new rule:  
Prohibits contractors from providing covered telecommunications equipment or services.  
Mandates that contractors report any covered equipment or services if discovered during the course of contract performance.  
In accordance with FAR Case 2018-017 (<https://go.usa.gov/xV9D6>) and GSA’s Class Deviation CD-2019-11 (<https://go.usa.gov/xV9Wx>), the attached modification incorporates the clauses at FAR 52.204-25 and GSAR 552.204-70 into the contract.

By December 4th, 2019, please:

Complete boxes 15.A, 15.B and 15.C of the attached modification and return the modification to your Contracting Officer and complete the required representation at GSAR 552.204-70(c), on page 6 of this modification.

Please contact your Contracting Officer with any questions.

Thank you for your cooperation.

Hi Koshore,

My goal is to send this modification over to you on tomorrow. There are two (2) things:

The Period of Performance for option years need to be corrected.

Your BAFO quote for task 0002a.1 is \$341,178.75. The price per this modification is being changed to \$284,315.62.

Task 0003b.2 was also awarded as mandatory price of \$303,188.16. Per this modification, will be reduced to \$252,6565.80.

This modification will reflect this changed.

Please let me know if you accept the price change.

- For Optional Years (1 – 4), we have accounted for one full time FTE (1880 hours)
- Utilized one of the LCAT submitted as part of our original BAFO price quote for this CLIN
- Our discounting and escalation % for OYs is same as our original BAFO price quote.

Good Afternoon, Vivian.

I am reaching out to you for guidance. I have the attached award paperwork and want to confirm the billing basis for the CLINs. Based upon the unit of issue (either LH or EA), it appears that there are a few items that are to be billed as FFP and the rest will be Labor Hour. However, I looked at the BAFO dated 09/23/2019 – and it appears that the only true fixed price task is for the ODC-Licenses and the remainder should all be billed labor hour. Can you provide further guidance regarding this? I just want to make sure that I am setting this up to bill correctly.

Also, item no 0032 (page 13 of 44 of the award doc) appears to be funded and obligated at the “top CLIN” (0008) level. I assume this is just a place holder and those funds will be parceled out to the “sub CLINS” 0008a and 0008b as the optional tasks are ordered. Can you please confirm?

Thank you for your assistance. I’d be happy to have a call about this, but don’t want to catch you out of the blue, and this email affords you some time to review.

Have a great day.

Yes, I received it.

I am not sure who is more happy, me or you!!

Thank you - attached is the signed SF1449. I will send over the COR letter once signed.
